October 2026

Happy October!

And just like that, it's Pumpkin Spice weather! I appreciate the still-warm days and those Autumn colours will start to paint the scene of a beautiful Canadian landscape. It's time to start putting away the patio furniture, and decorating for the festivities to come!

We've been busy with family and friends – and getting ready for the Fight to End event in November. The market has also gotten hot again so that is Who is ready for the HUSTLE and BUSTLE of Fall.

Brett and I got to be part of East Park London's Fairway Fest – WOW is all I can say – right in our own backyard too! Congrats to their whole team 😊

We are right in the thick of it all with the LEA and LeadTribes both doing exceptionally well!

September has been dubbed "Golf Tournament Month" over here in London and we have been able to be part of fun and giving back to the community – mostly sunny days except for one torential downpour that gave us a run for our money LOL

I was also able to mix a little work and play as I headed down to Ottawa to see one of my best friends and visit the fam before participating in a CREA Realtor® Code Committee meeting 😊

And last but certainly not least, I got to spend a weekend with one of my oldest friends as we had some much needed down time and got to spend time with one of our fave author's Alka Joshi 😊

My leadership podcast, The #RealtorLife Success Show is still rocking! We have more phenomenal guests and great material! Please give me a follow on Spotify, Apple, or YouTube!

Please give a wave if you drive by my Summerside Bench on Commissoners Road E 😊
