**LIFE IS AN ADVENTURE MADE SWEETER BY THOSE AROUND US**

Happy 2019 Everyone!

Last year was such a year of growth, learning and success for both of us as well – we went on our first family vacation with the kids (to Edmonton and the West Edmonton Mall), visited Vancouver for the first time, headed to Halifax for the Royal LePage National Sales Conference and I still managed to have my

best year ever in Real Estate. Why? Because I am Blessed to have an amazing coach, a phenomenal network, fantastic clients and colleagues and a support network of friends and family that I am grateful for every day 😊 My Broker’s license has been sent off and I should be using the title along with my new photos any day now.

As for 2019, Brett and I were fortunate enough to find an amazing deal for Puerto Plata in the Dominican Republic to start the year off right – and it was so relaxing and fun. We stayed at a Boutique resort called Be Live Marien and it was exactly what we needed 😊 We even got to participate in a foam party! That was a first LOL 😊

It’s already off to a busy start with amazing clients, fun deals and lots of extra curriculars for both of us including tennis, volleyball, hockey (not me lol) and staying fit.

It’s the adventures we get to partake in, away from home and right in our own backyards, that make life even more magical. It’s the people we get to share those experiences with and the

ones we meet along the way.

Here’s to a PHENOMENAL year full of love, fun, friendship, growth and adventure!

Your friend in the business,
