February 2023

Happy February!

Can you believe it is already February 2023? It feels like time is flying by! February is my most favourite month, so I thought it would be a great time to send an update with my letter from the heart.

2022 was a wonderful year personally and in business. Our 2nd Fight to End Homelessness event for Youth Opportunities Unlimited (YOU) was a SUCCESS and we raised \$300,000 for this amazing organization. So so proud to be part of this beautiful team.

The holidays were pretty great for us, as they were for most people, because we finally got to get together with friends and family after two years of zoom calls :) It was hectic and tiring and everything we hoped it would be!

We even got back to the Holiday Market at the Distillery District in Toronto.

Brett and I left January 12th for our first trip to India! We went to see our friends Aakash and Aarshvi get married in Ahmedabad and then toured the Golden Triangle which included the

Taj Mahal and Jaipur. Wow!

We are heading to Nashville to celebrate my birthday (four years ago we got engaged here) and are so excited for a busy year full of community events, family fun and connection with friends and clients.

I look forward to keeping in touch!

Your friend in the business,
